

Dekor XL

Just Step and Drop™

The innovative Diaper Dékor XL is a convenient, easy and sanitary way to dispose of dirty diapers. With a contemporary and hands free design, diaper changing won't become a dreaded experience. There is no twisting or turning – just step on the pedal and drop the diaper in.

The unique triple seal system helps to prevent odors and germs from escaping, and the scented bag liner is more economical to use than the leading brand. Available in three sizes to meet your personal needs. Experience the difference!

- Step and Drop hands free operation; simply step on the pedal and discard the dirty diaper.
- Odor Free thanks to Triple Seal Odor Protection.
- Superior capacity holds up to 50 diapers before emptying.
- Long Lasting and durable scratch resistant ABS plastic that doesn't "pick-up" odor.
- Can be used after diapers as an elegant trash can.
- Great Looking, contemporary, clean design for use anywhere in your home.
- Great for larger families, adult needs, or daycare.

Wholesale: \$45.00

Retail: \$89.95

Dekor

The newly redesigned Dékor Diaper Disposal System is a convenient, easy and sanitary way to dispose of dirty diapers. With a contemporary and hands free design, diaper changing won't become a dreaded experience. There is no twisting, turning, or pushing – just step on the pedal and drop the diaper in. Step. Drop. Done.

The unique trap door system helps to prevent odors and germs from escaping, and the scented, biodegradable refill is more economical to use than the leading brand.

Benefits of Dékor:

- **Step and Drop** – Hands free operation; simply step on the pedal and discard the dirty diaper.
- **Odor Free** – Trap door seal prevents odors and germs from escaping.
- **Great Looking Design** – Contemporary, clean design for use anywhere in your home.
- **Superior capacity** – Dékor holds up to 30 diapers before emptying.
- **Long Lasting** – Made of durable scratch resistant ABS plastic that doesn't "pick-up" odor.
- **Multi-functional Use** – Can be used after diapers as an elegant trash can. It works well for kitty litter or in the garage!

KiddyGuard

Now you see it...now you don't!

The KiddyGuard is a safety gate which protects children from dangerous places. It can be used in doorways and at the top of stairways with widths up to 51 inches. When not in use, the KiddyGuard rolls out of your way, leaving no tripping hazards.

- Complements any home decor with its practical and stylish design
- Can be installed in or beside openings.
- Hardware included for mounting onto different surfaces.
- Disappears when not used
- Leaves the way free of tripping hazards when closed
- Easy to use, one-handed operation
- Locks open or closed
- Gate clicks while opening

Tested to meet the US safety standard ASTM F 1004-00 and the European safety standard, EN 1930. Certified by JPMA (Juvenile Products Manufacturers Association).

KiddyBoard

KiddyBoard started a revolution.

The KiddyBoard is the original stroller Board and is designed to fit strollers which have a rear axle. The unique fixed position of the Board keeps the angle of the KiddyBoard fixed in relation to the stroller, ensuring comfort and safety for the child. The KiddyBoard is able to pass over bumps and curbs without affecting the balance of your stroller.

- Designed to fit most strollers with a rear axle
- Independant suspension provides additional comfort for the child
- One handed mechanism takes only seconds to attach or release
- Anti-slip surface gives the toddler a safe, anti-slip foothold
- When not in use the KiddyBoard can be stored up and out of the way

Wholesale: \$42.00

Retail: \$79.95

KiddyBoard Maxi

The original stroller Board that started it all has been redesigned to be better than ever! The KiddyBoard Maxi, is designed to fit strollers which have a rear axle. If there is no rear axle the BuggyBoard is more appropriate for your stroller.

- The Easy-Fit system allows you to attach your KiddyBoard Maxi quickly and easily with no tools
- The new universal connector allows for leveling and length adjustments with no accessories
- Heavy duty, independant Suspension provides additional comfort for the child
- A large rubberized, anti-slip surface gives the toddler a safe foothold
- Large wheels offer a smoother ride
- Large ground clearance for easy walking
- Lift-n-Store system, lifts your board up and out of the way when not in use
- Suitable for children from two to five years.
- Maximum weight 44 lb.(20 kg)
- Connectors are made to fit axles with a maximum diameter of 1.5" (3.8 cm)

Stretch Swaddling Wrap

Swaddle your baby in style!

These soft cotton stretch swaddling wraps are designed to wrap your baby for settling, comfort and warmth. The stretch swaddling wraps are a great way to wrap a baby. The small amount of lycra in the fabric allows for some stretch and movement and helps soften the fabric when washed.

- 96% Cotton, 4% Lycra fabric that is as soft as a t-shirt but more than three times as thick
- Extra fabric weight makes these wraps comfortable and warm
- Light enough for use in either winter or summer
- Wraps measure 33" x 35" (84 cm x 90 cm) and stretch to 57" wide (145 cm)
- Rounded corners and a matching overlocked finish

Dunstan Baby Language

The Dunstan Baby Language is a breakthrough that allows parents to understand their baby's needs through recognizing specific sounds, or words, used by all newborn babies, regardless of race or gender. Dunstan Baby Language teaches parents how to identify these needs through their infants cries, enabling parents to respond quickly and effectively, resulting in happier, more content infants who cry less.

The Dunstan Baby DVD Set introduces you to the Dunstan Baby Language: Learn how to recognize the five words, get other tips and advice including helpful settling techniques.

- DVD 1 (Lessons 1, 2 and 3): An introduction to the Dunstan Baby Language. Learn the first three words of your baby's language, see numerous examples, get helpful advice and tips on how to "tune your ear", learn settling techniques and hear from other parents who have learned the system.
- DVD 2 (Lessons 4 and 5): Learn the final two words and watch Priscilla Dunstan in a live lesson environment teaching new parents achieving remarkable results.
- Also included is a 24 page reference booklet offering additional advice and a wall chart for quick reference.

SoundSleep for Babies

The breakthrough SoundSleep Baby™ audio CD is the first to use actual digital recordings of the intrauterine environment, and combine it with a beautiful, low-frequency ambient soundtrack. This places the SoundSleep Baby™ CD at a level of scientific and medical credibility far above any other audio sleep program on the market.

The secret is a phenomenon called the WombEffect™, which takes recordings from the womb combined with mother's rested heartbeat, and digitally processes them with special technology to mimic how it sounded underwater to the prenatal baby. The results are phenomenal. Babies instantly recognize the most peaceful, comfortable and safe place, the womb, calming their fears and putting them to sleep fast.
